# PRODUCT CERTIFICATE

Authorized Body AO 211, authorization decision No. 5/2007 dated 27.02.2007

**Registration number: 09.066.088, Revision No. 1**

In compliance with the provision of section 5, paragraph 2 of Government Decree No. 163/2002 Coll., which designates the technical requirements for selected construction products, as amended by Government Decree No. 312/2005 Coll and 215/2016 Coll., the Authorized Body confirms that for the construction product

**Steel enamelled tanks for storage of waste water, service water and drinking water, nominal volumes from 4 to 10218 m<sup>3</sup>**

Manufacturer:

Name, address: **WITKOWITZ ENVI a.s.,  
Ruská 1142/30, CZ - 703 00 Ostrava – Vítkovice**  
Company Registration No.: **04528131**  
Place of manufacture: **Ruská 1142/30, CZ - 703 00 Ostrava – Vítkovice**

examined the documentation submitted by the manufacturer, performed an initial product type test and assessed the factory production control, and found that the specified product meets the requirements determined by the designated construction technical certificate associated with the basic requirements stated in:

**Construction technical certificate (CTC) Reg. No. 12.819.816**

The authorized body has ascertained that the factory production control system corresponds to the relevant technical documentation and ensures that the products put on the market meet the requirements designated by the aforementioned specifications and correspond to the technical documentation pursuant to section 4 paragraph 3.

The integral part of this certificate is the Reports No. 09.415.799 dated 19.12.2016 and No. 12.834.882 dated 13.12.2019, which contain the conclusions of the assessment, verification and results of the tests, and basic description of certified product essential for its identification.

This certificate was first issued on 12.01.2017 and remains valid for the period during which the requirements designated in the stated specifications or production conditions at the place of production or factory production control do not change significantly or unless the authorized body suspends or cancels the validity of this certificate.

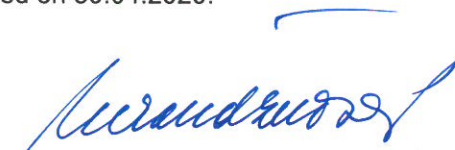

At least once every 12 months the authorized body will perform supervision of the due functioning of the factory production control, take samples at the place of production, test them and assess whether the product properties correspond to the given specifications pursuant to section 5 paragraph 4 of the Government Decree mentioned above.

This is a revision No. 1 of the certificate No. 09.066.088, issued 12.01.2017.

This language version of the certificate is a translation of a Czech official version No.09.066.088 revision No. 1 issued on 30.04.2020, which is deemed the only one applicable in the event of legal disputes and was printed on 30.04.2020.

Prague, date 30.04.2020
