

Authorized Body 211,
Decision on authorization No. 9/2023 from 20.04.2023

PRODUCT CERTIFICATE

Registration number 09.066.089, Revision No. 3

In compliance with the provision of section 5, paragraph 2 of Government Decree No. 163/2002 Coll., which designates the technical requirements for selected construction products, as amended by Government Decree No. 312/2005 Coll., 215/2016 Coll. and 119/2024 Coll., the Authorized Body confirms that for the construction product

Steel tanks

Tanks enamelled, powder-coated or made of stainless steel, used for the storage of waste water, utility water, drinking water and other non-fuel substances, including accessories of nominal capacities.

Manufacturer:

Name, address
Company reg. No.:
WITKOWITZ ENVI a.s.,
Ruská 1142/30, CZ - 703 00 Ostrava – Vítkovice,
Company Registration No.: 04528131

Place of manufacture: Ruská 1142/30, CZ - 703 00 Ostrava – Vítkovice

reviewed the documentation submitted by the manufacturer, conducted an initial product type test on a sample, performed an initial inspection at the manufacturing site, assessed the production control system, and determined that the product in question meets the requirements related to the essential requirements of the aforementioned government regulation as specified by the construction technical certificate

Construction technical certificate (CTC) reg. No. 12.819.816, Revision No. 2

The authorized body has determined that the production control system implemented complies with the relevant technical documentation and ensures that the products placed on the market meet the requirements designated by the aforementioned the construction technical certificate / technical regulations and correspond to the technical documentation pursuant to section 4 paragraph 3.

An integral part of this certificate is the Evaluation Reports No. 09.415.799 from 19.12.2016, No. 12.834.882 from 13.12.2019, No 15.198.899 from 28.03.2023 and No. 20.079.189 from 29.04.2026, which contains the conclusions of the assessment, verification and test results, and a basic description /or a picture of the certified product necessary for its identification.

This certificate was first issued on 12.01.2017 and remains valid for the period during which the requirements designated in the stated specifications or production conditions at the manufacturing site or production control system are not changed significantly or unless the authorized body suspends or revokes the validity of this certificate.

At least once every 12 months, the authorized body shall perform the surveillance of the proper functioning of the product control system, takes samples at the manufacturing site, tests them and assesses whether the characteristics of the product comply with the construction technical certificate /technical regulations pursuant to the provisions of section 5 paragraph 4 / paragraph 5 of the government regulation mentioned above. The authorized body shall issue a report on the results of the surveillance and submit it to the manufacturer.

This certificate is revision No. 3, which replaces revision No. 2 dated 09.05.2023.

This certificate is valid from 12.01.2017

Prague, issued on 14.05.2026
